Clarification of Seiko Kai Logo use

As presented in the last News Bulletin only the chief instructor and his organization in each country has the right to use the Seiko Kai logo in their country. This pertains to the use of the logo on Do gis, letterhead, advertising, etc.

However, since we are a truly international organization and people move around the world and have contacts in many different parts of the world, we have to allow for some flexibility.

A group that is indirectly affiliated with Seiko Kai International (e.g. Karate Sport Schule in the Philippines and Dhammika in Sri Lanka, India and Ghana) can use the logo on its website and/or letterhead in the same way that it refers to affiliation with a National Karate Organization, World Karate Federation, Japan Karate Federation, National Olympic Organization, etc.

In these cases the Seiko Kai logo and name can only be used and referred to as “affiliated with” and has to be of the same size and in the same location as the other organizations mentioned.

In case there is a dispute it will be referred to the Seiko Kai International executive for arbitration.
